I can be reached by telephone, but it is a bit complicated. We split our time between our mountain carving haven in Montana and the flat lands of California. We have telephones at both locations, but when we are away we turn off the answering machine. If it's winter try the CA number. If it rings, but there is no pick-up, try the Montana number. Reverse this for spring and summer. We expect to be in CA from late November until at least mid February. I have the same e-mail address at both locations.

CA (530) 758-5692 MT (406) 995-2918

I can also be reached by e-mail rltravis@ucdavis.edu

Make **final payment** check (June 1) payable to CCA and send to:
